DESCRIPTION

The G4 series steamers are the industry leader in features, performance and value.

We have spent years developing our steamers with *real world* features that users have asked for; like our 1300 watt brass element, heavier - long life PVC steam head, wrap-a-round body so the bottle won't fall off, and using industry standard parts that are interchangeable with other brands.

It's no wonder that the G4 series steamers have so quickly earned prominence in the industry. Once you use the G4 steamer you'll understand why more customers are insisting on **RELIABLE™** brand steamers.

BEST USED FOR

All types of clothing
Drapery and furnishings
